INDEPENDENT AUDITOR'S REPORT

To the Board of Directors Green Gables Metropolitan District No. 2 Jefferson County, Colorado

We have audited the accompanying financial statements of the governmental activities and each major fund of Green Gables Metropolitan District No. 2 (the District), as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Green Gables Metropolitan District No. 2, as of December 31, 2019, and the respective changes in financial position thereof, and the budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

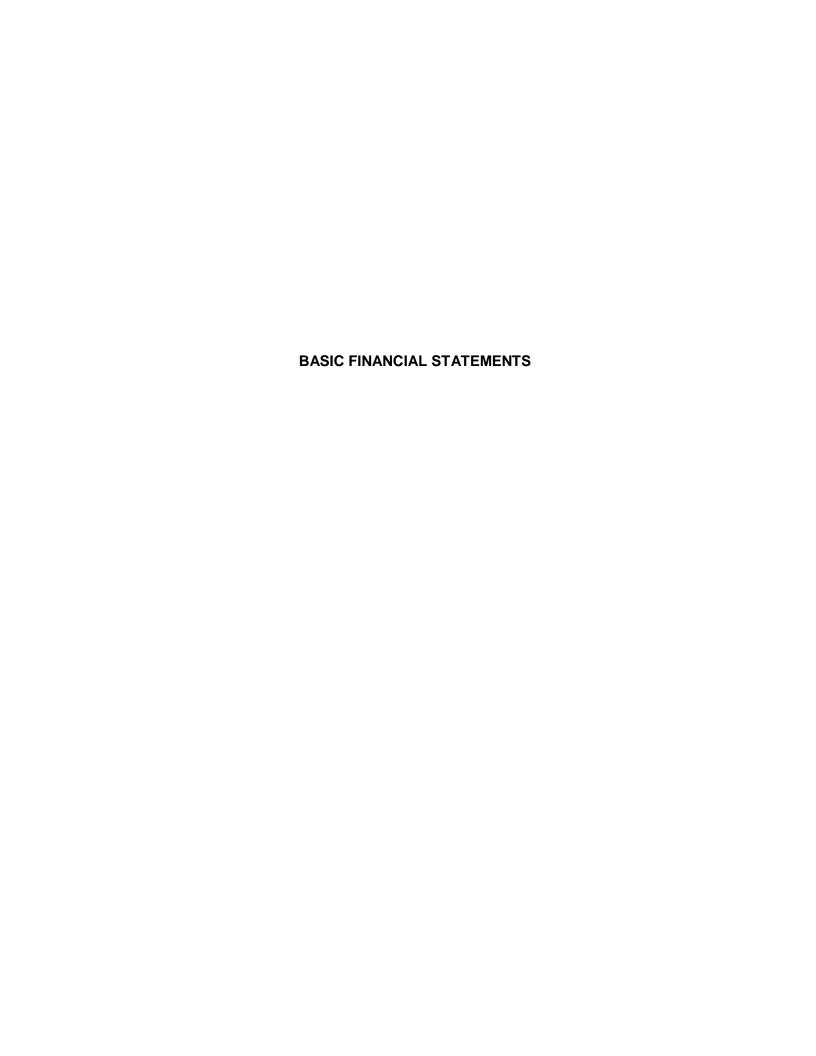

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information as listed in the table of contents is presented for purposes of legal compliance and additional analysis and is not a required part of the basic financial statements. The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The annual disclosure obligation information as listed in the table of contents has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

NOTE 1 DEFINITION OF REPORTING ENTITY

Green Gables Metropolitan District No. 2 (District), a quasi-municipal corporation and political subdivision of the State of Colorado, was organized by Order and Decree of the District Court for Jefferson County recorded on January 10, 2013, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District was organized in conjunction with Green Gables Metropolitan District No. 1 (District No. 1). Services are provided to the Green Gables mixed use redevelopment (Project) by the District and District No. 1. The District serves the residential and commercial portion of the Project and District No. 1 serves the single-family residential portions of the Project. The Districts each operate as distinct and separate entities, however, the Districts entered into various intergovernmental agreements to coordinate efforts in the financing and construction of facilities and provision of improvements to the Project. The Districts' service area is generally located east of Wadsworth Boulevard and south of Jewell Avenue in Jefferson County. The District was established to provide water, storm sewer and sanitary sewer, streets and traffic safety protection, parks and recreation, and covenant enforcement.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

The District has no employees, and all operations and administrative functions are contracted.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The more significant accounting policies of the District are described as follows:

Government-Wide and Fund Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. The effect of interfund activity has been removed from these statements. Governmental activities are normally supported by taxes and intergovernmental revenues.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Government-Wide and Fund Financial Statements (Continued)

The statement of net position reports all financial and capital resources of the District. The difference between the sum of assets and deferred outflows and the sum of liabilities and deferred inflows is reported as net position.

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met. Depreciation is computed and recorded as an operating expense. Expenditures for capital assets are shown as increases in assets and redemption of bonds, notes and developer advances are recorded as a reduction in liabilities.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes and specific ownership taxes. All other revenue items are considered to be measurable and available only when cash is received by the District. The District determined that Developer advances are not considered as revenue susceptible to accrual. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation is due.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

<u>Measurement Focus, Basis of Accounting, and Financial Statement Presentation</u> (Continued)

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of the governmental funds.

The Capital Projects Fund is used to account for financial resources to be used for the acquisition and construction of capital equipment and facilities.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

Budgets

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures level and lapses at year-end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

Pooled Cash and Investments

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflow of resources in the year they are levied and measurable. The unearned property tax revenues are recorded as revenue in the year they are available or collected.

Capital Assets

Capital assets, which include property and infrastructure assets (e.g., detention ponds and similar items), are reported in the applicable governmental columns in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

Capital assets which are anticipated to be conveyed to other governmental entities are recorded as construction in progress, and are not included in the calculation of net investment in capital assets component of the District's net position.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related fixed assets, as applicable.

Deferred Inflows of Resources

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The District has one item that qualifies for reporting in this category. Accordingly, the item, *deferred property tax revenue*, is deferred and recognized as an inflow of resources in the period that the amount becomes available.

Equity

Net Position

For government-wide presentation purposes when both restricted and unrestricted resources are available for use, it is the government's practice to use restricted resources first, then unrestricted resources as they are needed.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Equity (Continued)

Fund Balance

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and unassigned. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

Nonspendable Fund Balance – The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.

Restricted Fund Balance – The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.

Committed Fund Balance – The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.

Assigned Fund Balance – The portion of fund balance that is constrained by the government's intent to be used for specific purposes, but is neither restricted nor committed. Intent is expressed by the Board of Directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.

Unassigned Fund Balance – The residual portion of fund balance that does not meet any of the criteria described above.

If more than one classification of fund balance is available for use when an expenditure is incurred, it is the District's practice to use the most restrictive classification first.

NOTE 3 CASH AND INVESTMENTS

Cash and investments as of December 31, 2019 are classified in the accompanying financial statements as follows:

Statement of Net Position:

Cash and Investments\$ 42,855Cash and Investments - Restricted1,369,142Total Cash and Investments\$ 1,411,997

NOTE 3 CASH AND INVESTMENTS (CONTINUED)

Cash and investments as of December 31, 2019 consist of the following:

Deposits with Financial Institutions	\$ 121,897
Investments	1,290,100
Total Cash and Investments	\$ 1,411,997

Deposits with Financial Institutions

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2019, the District's cash deposits had a bank balance and a carrying balance of \$121,897.

Investments

The District has adopted a formal investment policy that follows state statutes regarding investments.

The District generally limits its concentration of investments to those noted with an asterisk (*) below, which are believed to have minimal credit risk, minimal interest rate risk and no foreign currency risk. Additionally, the District is not subject to concentration risk disclosure requirements or investment custodial credit risk disclosure requirements for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

NOTE 3 CASH AND INVESTMENTS (CONTINUED)

Investments (Continued)

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States, certain U.S. government agency securities, and securities of the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- . Certain certificates of participation
- . Certain securities lending agreements
- . Bankers' acceptances of certain banks
- . Commercial paper
- Written repurchase agreements and certain reverse repurchase agreements collateralized by certain authorized securities
- . Certain money market funds
- . Guaranteed investment contracts
- Local government investment pools

As of December 31, 2019, the District had the following investments:

<u>Investment</u>	Maturity	_	Amount
Colorado Surplus Asset Fund Trust	Weighted Average		
(CSAFE)	Under 60 Days	\$	1,290,100

CSAFE

The District invested in the Colorado Surplus Asset Fund Trust (CSAFE) (the Trust), which is an investment vehicle established by state statute for local government entities to pool surplus assets. The State Securities Commissioner administers and enforces all State statutes governing the Trust. The Trust is similar to a money market fund, with each share valued at \$1.00. CSAFE may invest in U.S. Treasury securities, repurchase agreements collateralized by U.S. Treasury securities, certain money market funds and highest rated commercial paper. A designated custodial bank serves as custodian for CSAFE's portfolio pursuant to a custodian agreement. The custodian acts as safekeeping agent for CSAFE's investment portfolio and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by CSAFE. CSAFE is rated AAAm by Standard & Poor's. CSAFE records its investments at amortized cost and the District records its investments in CSAFE at net asset value as determined by amortized cost. There are no unfunded commitments, the redemption frequency is daily and there is no redemption notice period.

The details of the District's general obligation bonds outstanding during 2019 are as follows:

Limited Tax (Convertible to Unlimited Tax) General Obligation Senior Bonds, Series 2018A and Limited Tax General Obligation Subordinated Bonds, Series 2018B

On October 25, 2018, the District issued its \$9,995,000 Limited Tax (Convertible to Unlimited Tax) General Obligation Senior Bonds, Series 2018A (the "Series 2018A Bonds") and \$1,689,000 Limited Tax General Obligation Subordinate Bonds, Series 2018B (the "Series 2018B Bonds" and with the Series 2018A Bonds, the "2018 Bonds"), for the purpose of funding and reimbursing public improvements related to the portion of the Development that is within the District, paying the costs associated with the 2018 Bonds, and with respect to the Series 2018A Bonds only, funding capitalized interest on the Series 2018A Bonds and funding the Senior Reserve Fund. The Series 2018A Bonds bear interest at 5.75%, payable semiannually on each June 1 and December 1, commencing on December 1, 2018. The Series 2018B Bonds bear interest at a rate of 8.25%, payable annually on December 15, commencing on December 15, 2018, to the extent that Subordinate Pledged Revenues are available. The Series 2018A Bonds are subject to mandatory sinking fund redemption on

Limited Tax (Convertible to Unlimited Tax) General Obligation Senior Bonds, Series 2018A and Limited Tax General Obligation Subordinated Bonds, Series 2018B (Continued)

December 1, beginning on December 1, 2023, and are subject to redemption prior to maturity, at the option of the District, beginning December 1, 2023, in whole or in part, upon payment of par, accrued interest, and a redemption premium that ranges between 0% and 3%. The Series 2018A Bonds are further subject to special mandatory redemption to the extent there are moneys remaining in the Senior Project Fund on the third anniversary of the closing date of the Series 2018A Bonds or upon all payment of Project Costs, which remaining moneys will be applied to the redemption of the Series 2018A Bonds. The Series 2018B Bonds are cash flow bonds, meaning there are no scheduled payments of interest or principal prior to maturity. Instead, principal is payable on each December 15 to the extent there are Subordinate Pledged Revenues available.

The Series 2018A Bonds are secured by the Senior Required Mill Levy (net of the collection costs), the portion of the Specific Ownership Tax which is attributed to the Senior Required Mill Levy, PIF Revenues (net of the collection costs) (per the PIF Covenant discussed below), any other legally available amounts the District may designate by resolution of the Board, to be paid to the Trustee for deposit in the Senior Reserve Fund, and all income or other gain, if any, from any investment of the foregoing. The Senior 2018A Bonds are also secured by the Capitalized Interest Fund in the initial amount of \$919,540, the Senior Reserve Fund in the amount of \$855,125 and the Surplus Fund, to the extent funded, in an amount up to \$999,500. The Series 2018B Bonds are secured by the Subordinate Required Mill Levy Revenues (net of collection costs), the portion of the Specific Ownership Tax which is attributed to the Subordinate Required Mill Levy, Subordinate PIF Revenues (net of the collection costs) (per the PIF Covenants discussed below), moneys available upon termination of the Surplus Fund, if any, and any other legally available moneys which the District determines, in its absolute discretion, to transfer to the Trustee.

As of December 31, 2019, the District has \$319,563 deposited in the Capitalized Interest Fund, \$856,421 in the Senior Reserve Fund, and \$112,894 in the Surplus Fund.

NOTE 5 LONG-TERM OBLIGATIONS (CONTINUED)

The District's long-term obligations relating to the 2018A Senior General Obligation Bonds will mature as follows:

Because of the uncertainty of the timing of the principal and interest payments on the Series 2018B Bonds, no schedule of principal and interest payments is presented.

Authorized Debt

On November 6, 2012, a majority of the qualified electors of the District authorized the issuance of indebtedness for capital improvements in an amount not to exceed \$245,000,000 at an interest rate not to exceed 18% per annum. At December 31, 2019, the District had authorized but unissued indebtedness in the following amounts allocated for the following purposes:

Pursuant to the Service Plan, the District and District No. 1 are permitted to issue bond indebtedness in an aggregate amount up to \$49,000,000 (Combined Debt Limit), at an interest rate not to exceed 18%. In the future, the District may issue a portion or all of the remaining authorized but unissued general obligation debt for purposes of providing public improvements to support development as it occurs within the District's service area.

NOTE 6 NET POSITION

The District has net position consisting of two components, restricted and unrestricted.

Restricted assets include net position that are restricted for use either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The District had restricted net position as of December 31, 2019, as follows:

	Go 	Governmental Activites				
Restricted Net Position:		_				
Emergency Reserves	\$	1,200				
Capital Projects		7,069				
Debt Service	<u></u>	1,311,745				
Total	\$	1,320,014				

The District has a deficit in unrestricted net position. The deficit amount was a result of the District being responsible for the repayment of bonds issued for public improvements

NOTE 7 DISTRICT AGREEMENTS

Jefferson County IGA

On May 31, 2013, the District entered into an Intergovernmental Agreement with Jefferson County, state of Colorado, and District No. 1 (IGA). The IGA designates the terms under which the County will be responsible for maintenance of certain public roadways upon acceptance, but will not be responsible for the maintenance of the Architectural and Design Elements, which are not related to the structural integrity or safety of the roadway, and which are cosmetic. The Districts shall, at their sole cost and expense be responsible for the maintenance, repair and replacement of the Architectural and Design Elements described in the IGA in perpetuity.

The IGA was amended April 18, 2017 to include open space tracts to be held and managed by Jefferson County. The District will be responsible for maintenance of public improvements in the open space tracts.

Intergovernmental Agreement for Cost Sharing

On October 23, 2018, the District and District No. 1 entered into an Intergovernmental Agreement for Cost Sharing ("Cost Sharing IGA"). The purpose of the Cost Sharing IGA is to: (i) identify and approve the allocation of the Shared Costs (as defined in the Cost Sharing IGA) as between the District and District No. 1; (ii) evidence the agreement of the District and District No. 1 to assume the obligation to reimburse the Developer for their respective share of the Allocated Costs (as defined in the Cost Sharing IGA); and (iii) agree and acknowledge that the method of determining the allocation of the Allocated Costs will apply to the remaining Shared Improvements to be constructed by either the District or District No. 1 in the future.

NOTE 7 DISTRICT AGREEMENTS (CONTINUED)

PIF Covenant

On February 13, 2015, Green Gables Development Company, Inc. (the "Developer"), as the owner of certain real property within the District and District No. 1, recorded the Declaration of Covenants Imposing and Implementing Public Improvement Fees (the "PIF Covenant"). The PIF Covenant impose a public improvement fee in the amount 3.5% ("PIF") on all retail transaction (subject to certain exemptions) within the District and District No. 1. The revenues derived from the PIF are pledged to the 2018 Bonds.

NOTE 8 RELATED PARTY

Certain members on the Board of Directors are employees, owners, or are otherwise associated with the Developer and may have conflicts of interest in dealing with the District.

Developer Advances

The District has entered into Funding and Reimbursement Agreements with the Developer as follows:

Operation Funding Agreements

The District entered into an Operation Funding Agreement with the Developer dated January 16, 2013, with an effective date of January 10, 2013, as amended by the First Amendment to Operation Funding Agreement dated October 15, 2014 (collectively, the "OFA"). Pursuant to the OFA, the Developer agreed to advance funds to the District for payment of operations and maintenance expenses for fiscal years 2013 through 2015 up to the shortfall amount of \$50,000. The District has agreed to reimburse the Developer for funds advanced under the OFA, together with interest thereon, at the rate of 8.0% per annum. Payments made under the OFA shall be applied first to interest and then to principal. To the extent the District has not reimbursed the Developer for any amounts advanced under the OFA on or before December 31, 2053, such amounts outstanding will be deemed discharged and satisfied in full. The OFA does not constitute a debt or indebtedness of the District or a multiple fiscal year obligation and any reimbursement under the OFA is subject to annual appropriation.

As of December 31, 2019, the balance outstanding on the OFA, is \$15,834 consisting of \$11,024 of principal and \$4,810 of accrued interest.

NOTE 8 RELATED PARTY (CONTINUED)

Developer Advances (Continued)

Facilities Funding and Acquisition Agreements

The District and the Developer entered into a Facilities Funding and Acquisition Agreement ("FFAA") dated January 16, 2013, with an effective date of January 10, 2013. Pursuant to the FFAA, the Developer agrees to make advances to the District in an amount not to exceed \$5,000,000 (the "Shortfall Amount") for the purpose of paying organization expenses and funding the construction and/or acquisition of public improvements. The Developer agrees to make such advances on a periodic basis during fiscal year 2013. The District has agreed to reimburse the Developer for funds advanced under the FFAA, together with interest thereon at the rate of 8.0% per annum. The FFAA does not constitute debt, but is an annual appropriation agreement intended to be repaid through future bond issuances, to the extent revenues are available and appropriated therefor.

On November 20, 2013, the District and the Developer entered into a First Amendment to FFAA ("First Amendment to FFAA"). The First Amendment to FFAA extended the term the Developer agreed to make advances to the District through 2014.

On November 18, 2015, the District and the Developer entered into a Second Amendment to FFAA ("Second Amendment to FFAA"). The Second Amendment to FFAA extended the term the Developer agreed to make advances to the District through 2016.

On October 25, 2018, the District and the Developer entered into a Third Amendment to FFAA ("Third Amendment to FFAA"). The Third Amendment to FFAA extended the term the Developer agreed to make advances to the District through 2019 and increased the Shortfall Amount to \$12,000,000.

On November 14, 2018, the District and the Developer entered into a Fourth Amendment to FFAA ("Fourth Amendment to FFAA"). The Fourth Amendment to FFAA increased the Shortfall Amount to \$15,000,000.

As of December 31, 2019, the balance outstanding on the FFAA, as amended, is \$9,220,566, consisting of \$7,721,477 of principal and \$1,499,089 of accrued interest.

NOTE 9 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (Pool) as of December 31, 2019. The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery and workers' compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

NOTE 9 RISK MANAGEMENT (CONTINUED)

The District pays annual premiums to the Pool for liability, property, public officials' liability and workers' compensation coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

NOTE 10 TAX, SPENDING, AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations that apply to the state of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

On November 6, 2012, a majority of the District's electors authorized the District to collect and spend or retain in a reserve the full amount of all currently levied taxes and fees of the District annually, without regard to any limitations under TABOR.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the Emergency Reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits, will require judicial interpretation.
